**Learning Outcomes**

Upon completion of this course students will be able to

- evaluate findings from secondary research related to current public policy issues.
- explain the trade-off between efficiency and fairness as it relates to specific public policy and Canadian business.
- apply the normative approach to government policy.
- apply the positive approach to government policy.
- analyze the economic implications associated with government policy initiatives.
- explain the impact of government policy initiatives on Canadian business.
- recommend new public policy alternatives to political leaders and prepare a scholarly argument to support these new initiatives.

**Course Objectives**

This course will cover the following content:

Please refer to the weekly Course Schedule

**Evaluation Procedure**

Misc. assignments

**Notes**

\*You **must pass the exam portion of course** (25/50) to pass the course.

All assignments are due as noted in the course timeline available on Moodle for this course. Assignments that are not submitted on time will be docked 10% for each day the assignment is late.

No assignments will be accepted after the marked assignments have been returned to the class; after that date the student will receive a zero for the mark on that assignment

Assignment 1-3 and the Term Paper are to be generated using MS WORD and submitted to your Professor via Moodle. The electronic copies will be submitted to the Turnitin plagiarism detection service to check for Plagiarism (see STUDENT CONDUCT AND ACADEMIC HONESTY section at the end of this course outline). The professor is required to report all evidence of Plagiarism to the Dean.

Final exams will only be rescheduled in accordance with College policy as set out in the Okanagan College Calendar; inconvenience to the student is not a valid reason for rescheduling an exam.
